Two University tests show how HS-50 silage rates in beef ration

TEST No. 1 - 69 head of Angus and Hereford cattle were divided into 4 lots. Two lots were fed HS-50 silage and two lots regular corn silage under controlled feeding conditions with limited feed intake. Both lots fed HS-50 made greater gains on less silage, and one lot showed a 22% greater weight gain on 5 pounds less silage per day!

TEST No. 2 - Steers fed high-sugar corn silage were more efficient than those fed regular corn silage or sorghum-sudan silage. The ration which included HS-50 high-sugar silage saved \$1.77 in feed costs for every 100 lbs. of gain when compared with a ration including sorghum-sudan silage, saved 69c for every 100 lbs. of gain when compared with regular corn silage. Ask your HS-50 dealer to show you the complete test results.

Better feeding - higher production per acre - resistance to drought and frost - high palatability - better preservation in silo or stack . . . these all add up to make HS-50 sweet stalk silage your best and surest forage crop.

M.H. "Mac" McDonald

This fifteenth anniversary of his leaving the state, the North Dakota Futurity is dedicated to M.H. "Mac" McDonald.

Mac as Extension Livestock Agent from 1944 to 1951 worked closely with the North Dakota Futurity and Valley City Winter Show even before he assumed the job as manager of the 1951 Futurity. In his various capacities Mac served as superintendent of the Shepherd Judging Contest, manager of the Futurity, manager of the Hereford and Hog Sales. In addition he assisted all groups of cattle, sheep and hog men in the varied activities of the Winter Show.

During the period that Mac was Extension Livestock Agent the state associations promoting the interests of the various purebred breeds made tremendous strides. He served as secretary of the State Purebred Swine Breeders and of the North Dakota Hereford Breeders.

Wherever and whenever a group of breeders undertook cooperative efforts Mac was ready to assist. Mac's personality was felt in all parts of the state. His work as judge of livestock shows and as a ring man at purebred sales was always satisfactory. In fact he attracted so much attention that the American Hereford Association enticed him away from North Dakota.

Mac's is a jovial personality. He was and is a through organizer and a staunch supporter of livestock promotion. He was one of the builders of North Dakota's livestock industry. What we now have was built on the foundation he helped to lay. His many friends welcome him back for this visit. The new breeders should become acquainted and absorb some of his enthusiasm.

1966 FUTURITY

The North Dakota Bull and Heifer Futurity continues to be a powerful stimulus to breed improvement. The active participation of large and small breeders of each of the four breeds from all parts of the state indicates the acceptance of this show window of the North Dakota cattle industry.

The record, listed below, indicates the balance of the four breeds that has been maintained during recent years. This year's entries are consigned by 104 breeders.

George DePape, Richardson Stock Farm, Winnipeg, Canada will return this year to place the Shorthorn classes in the Futurity.

Dale Malechek, Manager of L.B. Johnson's Herefords, Stonewall, Texas will judge the Hereford Division. Dale fitted cattle for Fred Ehlers, Hettinger, North Dakota and is well acquainted with many of the North Dakota breeders.

SPECIAL AWARDS

The American Shorthorn Breeders' Association will increase the amount of each local Futurity premium in the Shorthorn classes by 50%. The American Aberdeen-Angus Breeders' Association limits its contribution to \$850.00 and the addition to individual local premiums in Angus classes will be somewhere between 40% and 45%. The American Hereford Association, Hereford Drive, Kansas City, Missouri, pays 20% of the total premiums of \$5.00 or more offered for registered Hereford breeding cattle. The Association's share will be mailed directly from their Kansas City office. Therefore, the Hereford premiums listed on page six will be increased by 25%.

The North Dakota Winter Show will award a belt buckle to herdsman from each breed, judged to be the best housekeeper. Appearance of cattle, stall and alleys will be considered. Owner herdsman are eligible as well as professional herdsman. Each exhibitor is to indicate who is to be considered herdsman in charge.

The Angus premier exhibit award will be given by the North Dakota Angus Association to the breeder who presents his cattle in the best possible manner.

The McGregor Memorial Trophy will be awarded to the exhibitor of the Champion Futurity Angus Bull.

The Majoribanks Traveling Trophy will be presented to the exhibitor of the Champion Futurity Angus Heifer.

NORTH DAKOTA JUNIOR FUTURITY

PURPOSES OF THE JUNIOR FUTURITY

1. To encourage farm boys and girls so inclined to establish the foundation for a future purebred herd.
2. To give such boys and girls competent assistance in securing high quality heifer calves.
3. To provide an incentive to do a good job with the calves, to secure the advantages of friendly competition, and to furnish inspiration to members and show spectators by providing for a state-wide showing of the calves.
4. To interest county extension agents, agricultural instructors, livestock breeders and others in helping members with care, feeding and breeding problems.
5. To promote better-paying cattle production in North Dakota.

1966 RULES AND REGULATIONS

1. Membership in the Junior Futurity is open to 4-H Club members and FFA members enrolled in beef breeding projects in North Dakota. Once a member, always a member, until age requirements of the 4-H and FFA bar further participation.
 - a. When a Junior Futurity member has won a Grand or Reserved Champion award with any breed twice, the member is no longer eligible to show in the Junior Futurity except the progeny from previous Junior Futurity heifers, but is encouraged to show in the Senior Futurity.
 - b. Junior Futurity member must show his own animal unless he has received prior approval from the Junior Futurity managers to use a substitute to show his animal.
2. To be eligible for exhibition in the Junior Futurity state show, the animal must:
 - a. Be purebred and must have been bred by the member or by a North Dakota breeder or purchased in dam.
 - b. Be in possession of the member by November 15, 1965.
 - c. Angus and Hereford entered must have been born on or after March 1, 1964⁶⁴ and before May 1, 1965.
 - d. Shorthorn entered must have been born on or after March 1, 1964 and before April 1, 1965.
3. Progeny from Junior Futurity heifers of past years may be exhibited:
 - a. Female progeny may be entered in the regular Junior Futurity classes for heifers.
 - b. Male progeny may be entered in their respective classifications. They may also be entered in a special progeny bull class. To be eligible they must meet age requirements the same as stated in item 2 (c) and (d).
4. Members are restricted to an entry of one animal in the heifer class, unless additional entries are female progeny from previous Junior Futurity animals. In this event, the one animal restriction does not apply. In the bull progeny class, no restriction on number of entries is applicable. After a progeny animal has been shown once in the state show, it cannot be entered again.
5. All entries in the Junior Futurity classes must be sent to the Junior Futurity Managers, accompanied by an entry fee of \$1.00, by November 15, 1965.

4-H members' applications are to be mailed to:
Craig R. Montgomery, Assistant Director of Youth
North Dakota State University, Fargo, North Dakota

FFA members' applications are to be mailed to:
Winston H. Dolve, Assistant State Supervisor of Agr. Education,
North Dakota State University, Fargo, North Dakota

FFA entries must be approved and signed by the Vocational Agriculture Instructor before mailing.

4-H entries must be approved and signed by the County Extension Agent before mailing.
6. Registration papers showing that ownership of entry is recorded in the member's name only, are to be presented by members to the Junior Futurity managers, prior to the Junior Futurity Show.
7. Members are expected to care for, feed and water, fit and show their own calves and to keep satisfactory project records.

PICTURES FOR BLUE RIBBON WINNERS

The North Dakota Farm Bureau, The North Dakota Futurity and the North Dakota Winter Show Sales, will have a professional livestock photographer on hand to take pictures of the calves and members placing in the blue ribbon group. These pictures will be suitably framed and inscribed with the name of the winner and the record of his blue ribbon placing. Pictures will be taken immediately following presentation of ribbons.

BEST STALL EXHIBIT

A silver plated belt buckle will be given to the Junior Futurity exhibitor that has the best appearing stall for each breed. To be considered will be daily cooperation, neatness, decoration, cleanliness and grooming of the calf. These awards are given by the North Dakota Hereford Association, the North Dakota Shorthorn Association and the North Dakota Angus Association.

JUDGING PROCEDURE

The Group System of judging will be used in the Junior Futurity. The blue ribbon group will also be lined up numerically. Factors determining the groups into which each will be placed are: size for age, condition, quality, breed character, type and conformation.

Blue group calves will be those considered highly desirable for foundation stock in the establishment of purebred herds. Red group calves will be those somewhat less desirable for foundation animals, yet satisfactory for the most part. White group calves can be considered more or less wholly unsatisfactory for foundation animals. With the latter, the road to top quality breeding herds is too slow and often disappointing.

Following classification into the three groups referred to above, all blue group calves will be returned to the judging arena. The judge will then select any truly outstanding calves and these will be designated Purple group calves.

Purple group calves win the right to show in their respective age groups of the Senior Futurity without payment of entry fees. The owners of these calves are eligible to win any premium money offered in the Senior Futurity.

JUNIOR FUTURITY PREMIUMS

A total of \$500 is made available by the North Dakota Winter Show for cash premiums in the Junior Futurity. This purse is split among all exhibitors in varying amount depending upon whether blue, red or white group placings are won. In addition, each exhibitor wins a ribbon - blue for blue group placing, red for red group and white for white group. The amount of the individual cash premium hinges on the number of animals placing in each group. Thus, until the judging is complete, the individual awards cannot be determined by the Futurity managers.

UNION STOCKYARDS LIVESTOCK

MARKETING AGENCIES PLAQUES

Beautiful plaques will be awarded to Junior Futurity members having the Grand and Reserve Champion female in each breed and the Grand Champion bull in each breed. Only purple ribbon winners will be eligible. These plaques are being awarded by the Union Stockyards Company and the commission firms at West Fargo, namely: Central Livestock Association, Dakota Livestock Commission Company, Farmers Union Marketing Association, McDonald Livestock Commission Company, Montgomery & Sons, Sig Ellingson and Co.

TERMS AND CONDITIONS

Each animal will be sold to the highest bidder without reserve. Cow with calf at foot regarded as a single unit, unless otherwise announced.

Any disputes as to bids will be settled by the auctioneer declaring all bids off and reselling the animal.

Each animal as soon as sold will be at the purchaser's risk, but will not be delivered until settlement has been made.

Animals sold will be fed and cared for free of charge until the day after the sale - but at the purchaser's risk and will be turned over to the purchaser or loaded on cars for shipment as he may direct.

TERMS - CASH - Unless otherwise arranged prior to the sale.

With cattle of this age limit, it is considered that the purchaser is more responsible for their future usefulness than the breeder and that a breeder is relieved of all responsibility after a sale is completed. However, every possible precaution is taken to eliminate individuals with any known defects, and to assure that bred females are with calf. The entire offering will be sold at the halter and any further guarantee will be between buyer and seller.

The following guarantee is recommended for the buyer and seller:

1. All claims should be submitted in writing to the seller within six months.
2. In the case of bulls, the buyer shall give the bull an adequate trial and have him inspected by a veterinarian at buyer's expense.
3. Seller shall have privilege of trying bull after his return before making any adjustments.
4. Any guarantee is void if there is evidence of improper management in caring for the animal.
5. Seller will have the privilege of replacing with an animal of similar quality and breeding or refunding the purchase price of the animal.
6. The above guarantee is between the individual consignors and the buyer of each lot. The North Dakota Hereford Association assumes no liability, legal or otherwise, but will help in every way possible to make adjustments should it become necessary.

All cattle entered have been tested for Tuberculosis and Brucellosis. Cattle purchased by out-of-state buyers will have health certificates to meet requirements.

MAIL ORDERS - For those unable to attend, buying instructions may be sent to M. A. Kirkeide, Sale Manager, or other representatives.

STANDARD GUARANTEE

OF AMERICAN SHORTHORN BREEDING ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

The above terms and guarantee shall constitute a contract between the buyer and the consignors of each animal sold. ACKNOWLEDGEMENT

The Board of Directors and management of the North Dakota Winter Show would like to take this opportunity to express their appreciation to the Press, Radio, T.V., Commercial Firms, Livestock Exhibitors and all individuals for their assistance in helping stage the Annual Show.

We feel that without the help of these people it would be very difficult for us to carry out our obligations, which are to promote the breeding and feeding of better livestock and the growing and selection of better strains and purer varieties of seed grain.
